

Weekend Music and Entertainment Coordinator (WEc)

In the event that this portfolio is not an appointment on the Community Board, a WEc should be appointed for each Walk, Flight or Encounter and should work closely with the CMC.

Responsibilities include, but are not limited to the following:

- Arranging appropriate entertainment at Gatherings and for Walks, Flights or Encounters.
- Obtain or develop suitable scripts for the Saturday Entertainment at the Walks, Flights or Encounters.
- Request entertainment to be provided by Reunion Groups so that they are actively involved in the Walks, Flights or Encounters.
- Ensure that the script is suitable for presentation to a Christian audience. If uncertain, consult the CSD. Entertainment must be previewed during Team Formation.
- Ensure that the Entertainment remains within the 15-20 minute time limit.
- Do not enlist pilgrim's family members for the weekend Entertainment.
- Enlist different people for the Entertainment so that the number of experienced persons increases; this is part of leadership development.
- No individual member of the entertainment group should draw attention to themselves. This is an act of selfless agape and not an opportunity to stage a performance for personal glory.
