

Community Outreach Coordinator (COc)

The Community Board should all be actively involved in reaching out to new congregations to encourage participation in the program and further to assist with fundraising where possible. Chrysalis is an important outreach group to Emmaus.

Responsibilities include, but are not limited to the following:

- Promote and create awareness and support for the Emmaus programs and the activities in the different Christian Communities and Churches.
- In consultation with the CLD and CSD, arrange to meet Clergy from various Churches and Denominations that do not support Emmaus with the purpose of introducing and promoting Emmaus/Chrysalis.
- Arrange the viewing of the Emmaus program videos at churches and speak to people individually.
- Identify suitable pilgrims or caterpillars for sponsorship which will help with outreach initiatives.
- Develop a plan in association with the Board to target 5 new church each year and ensure that pilgrims or caterpillars from these churches are sponsored and integrated into Reunion or Accountability groups.
- Ask other Board members to pray for you as you do outreach so that God may prepare the way.
